Influence of digital processing on the noise levels of spectrometric system for xenon gamma-spectrometer

Saturday, 10 October 2015 09:30 (30)

Shaping and digital processing of xenon gamma-spectrometer signals was considered. Digital processing influence on the value of the spectrometric system of xenon gamma-spectrometer was shown.

Presentation type

Poster

Primary author(s) : Mr. PETRENKO, Denis (NRNU MEPhI)

Co-author(s) : Mr. NOVIKOV, Alexander (NRNU MEPhI); Mr. SHUSTOV, Alexander (NRNU MEPhI); Dr. VLASIK, Konstantin (NRNU MEPhI); Prof. ULIN, Sergey (NRNU MEPhI); Prof. DMITRENKO, Valery (NRNU MEPhI); Dr. UTESHEV, Ziyaetdin (NRNU MEPhI)

Presenter(s) : Mr. PETRENKO, Denis (NRNU MEPhI)

Session Classification : Poster session V

Track Classification : Methods of experimental physics
