

Diffraction Scattering: Current Problems in Theory and Praxis

Thursday, 5 October 2017 17:35 (15)

This is a cursory review of recent results on diffraction processes from the LHC and related problems in theory and phenomenology.

Primary author(s) : Prof. PETROV, Vladimir (A. A. Logunov Institute for High Energy Physics, NRC KI)

Presenter(s) : Prof. PETROV, Vladimir (A. A. Logunov Institute for High Energy Physics, NRC KI)

Session Classification : High Energy Physics - 3

Track Classification : High energy physics
